

Small Talk-Roleplay

Different situations:

- You are in the lift with a colleague you have only ever spoken to about twice since you work in the same company.
- You are at work in the kitchen warming up your self-made lunch in the microwave and a new colleague is joining you and starts to cook.
- You are washing your hands at the same time as someone else in the work toilets.
- You have to introduce two people you barely know yourself.
- The engineer comes to fix your internet. What do you say?
- You and a colleague from another company are 10 minutes early and waiting until the meeting starts.
- You are at a business dinner. How do you start the conversation?
